profile height 4-5/8"
packaged 48' per ctn.
3/8" thickness

CORNERS

The dreaded corner – it's often viewed as the most difficult, costly and time-intensive element of any wall base installation.

To resolve this issue, we've developed rubber corner blocks. These PVC free, vulcanized and extruded corner blocks alleviate costly hand-scribing, wasted time and extra skilled craftsmen from the corner-forming process. These rubber corners also add durability because they are less likely to get damaged or detached during everyday use and maintenance of the interior space.

COLORS 70 COLORS. ONE PRICE. IT'S YOUR CHOICE.
