RUBBER TILE PROFILES

Custom Fiesta® and Custom Logo, 100 Black, 186 Red, 174 Smoke

Roppe Rubber Tile offers the best of all worlds: superior functionality, appealing aesthetics, and excellent life-cycle value. It is naturally slip resistant and durable, plus provides outstanding underfoot comfort and noise reduction. Our Rubber Tile contributes to healthier indoor environments because it's free of Red List chemicals, PVC, phthalates and halogens.

Custom flooring logos can also bring a personal touch to corporate or educational facilities adding visual interest while reinforcing brand identities. At end of life, this product can be recycled through the IMPACT take-back program.

LONG-TERM BENEFITS OF RUBBER

Industry studies have shown that flooring materials with a higher initial cost do not necessarily translate to a higher cost in the long run. In fact, findings indicate flooring materials with a higher initial cost will perform more cost effectively over many years. For example, while rubber flooring may cost more initially, the cost of maintaining it is lower. And because it's extremely durable, it lasts a very long time. So, when examining long-term costs, it is important to consider the total cost of ownership. With the right information, you can help customers control costs – not just on the initial project, but also in the long run.

PERFORMANCE COMPOUND

Roppe Performance Compound Rubber Tile is a homogenous rubber tile specifically designed for use in areas that may be subject to oil, grease and other petroleum hydrocarbons. The natural durability and dimensional stability of Performance Compound rubber make this flooring ideal for most high traffic commercial installations that would otherwise not be able to withstand contact with oil and grease.

Performance Compound is durable enough to resist abrasion, impact, scuffs, gouging, burns and most chemicals, yet is also flexible enough to ease installation. The ability to maintain Performance Compound by dry buffing, rather than using waxes or finishes, decreases the long-term maintenance costs and environmental strain due to chemical use and waste.

Ideal applications include **automotive** (repair shops, quick lube facilities and automobile storage), **industrial** (manufacturing facilities, refining facilities and material storage) and **transportation** (repair facilities, garages and equipment storage).

Roppe Performance Compound Rubber Tile is only available in the following solid colors:

ON THE COVER: Smooth Marbleized Tile, M638 Cadet, M178 Pewter, M663 Aged Fern
