## TUFLEX® SPARTUS

MULTI-USE RUBBER TILE

## TUFLEX® SPARTUS MARBLE

MULTI-USE RUBBER TILE

Tuflex® Spartus multi-use rubber tiles, developed for sports and commercial applications, have been proven in the industry since 1957. Tuflex® Spartus tiles are manufactured using a simultaneous vulcanization process and a new, industry-leading Red List Chemical Free formulation that is FREE of tire-derived crumb rubber – the first in the industry! Using manufacturing waste from our own RLCF rubber tile and tread products ensures that we know what the formulation consists of and the improved benefits it will provide. Choose from 14 chip combinations and marble options using five of the most popular Roppe colors.

932 Cocoa

Gallant, Custom Color

## GALLANT MULTI-USE RUBBER TILE

Gallant is a multi-use rubber tile that is perfect for areas with high traffic, rolling loads or light free weights, including education, retail, and sports facilities, plus others. The formulation is durable, provides comfort underfoot, and has sound control properties. It's an affordable and sustainable solution when considering durability in heavy-use spaces, plus it provides low maintenance and long life cycle. The

product will retain elastic recovery for decades over competitive vinyl sports flooring. Available in seven tonal marble colors.

### **RUBBER TILE CUSTOM COLOR MATCHING**

*Multi-use rubber tile can be produced in custom colors to match your overall design palette, paint colors, school logo or corporate branding. Minimum order quantities apply, contact us for details.*

Armour, 627 Mariner

## ARMOUR MULTI-USE RUBBER TILE

Armour is a multi-use rubber tile with superior surface durability that can be used anywhere with high traffic from shoes/boots with protrusions, blades, metal spikes, wheels or abrasive materials, including arenas/rinks, field houses, indoor skate parks, stadium concourses, plus others. It features an enhanced formulation that offers increased durability and damage resistance, plus increased longevity and minimal maintenance. It does not contain recycled content and is the only Red List Chemical Free sports flooring product on the market with as much as 38% biobased content. Available in seven of our most popular solid colors.

# MULTI-USE FLOORING

RUBBER TILE

## Red List Chemical Free

Rubber products are free of Red List chemicals, PVC, phthalates and halogens.

## Sustainable Solutions

Tuflex® Spartus, Tuflex® Spartus Marble, Gallant and Armour are made in the U.S.A. and meet FloorScore®, NSF/ANSI 332 Level 1 and CHPS criteria.

## Wall-to-Wall Assurance

Lifetime Wall-to-Wall Warranty that guarantees product will not cup, crown or buckle. Exclusive 10-year aging performance warranty and a 3-year limited warranty for exposure to Ice Skates.

## Rubber Tile Custom Color Matching

Multi-use rubber tile can be produced in custom colors to match your overall design palette, paint colors, school logo or corporate branding. Minimum order quantities apply, contact us for details.

## Waterjet Cutting

Perfect for incorporating logos and mascots, and for wayfinding, our precision-engineered waterjet cutting capabilities provide seamless designs that are cut into the flooring in the manufacturing process, not on the jobsite for cleaner designs with no jagged edges and better accuracy.

## Single Price Point

All colors available at a Single Price Point within your selected palette.
